Great Day at Hope School

"I am very grateful to my parents, my teachers and our school principal who drove us to this moment. No one can express our feelings in this eminent day, we waited 13 years until we reached this moment, I am very proud that we did it" said Daniel Michael who delivered the speech of the graduates. Five of the kindergarten's graduates delivered a thank you speech: " it is indeed a great pleasure to stand before you, to share all the precious moments that we have had last year in our Kindergarten" " Do you know?? we have learned letters, and how to read and write. We have learned Arabic, English, math, songs, and how to be self-confident" "I would like to thank our teachers, parents who have supported us". These dear words have come out of our children's tongues and hearts with great love and passion.

The School Principal; Mr. Khader Saba, confirmed that the school has witnessed a noticeable progress over the past five years through which the BoD's, laid down a thorough plan to enhance the school capacity and improve the school performance by adding a new class every year and introducing the digital learning technique which improved the students results and tripled the number of our students and beneficiaries. The head of the

Representative of the Ministry of Education thanked the school management team for the remarkable achievements accomplished over the past years. He assured that "By this wise leadership we are sure the school will be always on the right track and path."

The ceremony was inaugurated by a speech for the bible read by one of the graduates. The scout's group has led the graduates towards the stage in a very impressive march and amid the cheery audience. Marah, a student of 9th grade, presented a poem of her own, a local folklore dancing group made a nice show, the children of the kindergarten performed some entertaining shows which pleased the audience.

Finally, the mayor of Beit Jala along with the school principal and the head of Ministry of Education's Department rewarded our supporters and distinguished guests, while awarded 5th certificates and gifts for all the graduates.
