

**Springtime** is just around the corner and the days are getting longer as we leap into March with a renewed sense of excitement!

**Day 1, we built it. Day 2, we play ...** Speaking of **spring**, we installed a basketball hoop, and the students along with their sports teacher started playing the next day. It's great to see the students playing together and enjoying the **spring** warmth !.

**Carnival ! ... Spring** has also brought joy for our kindergarten students who had a really wild day wearing funny costumes and playing with Mr. Lion at the school carnival.

What a beautiful rainbow ! ...

of different nationalities of people who came and visited our school in February and March, we welcomed visitors from USA, UK, and Chile. We made good friends and widened our prayer list.

**New Boarding Home ...**

As the sun of **spring** shines over the lilies of the hills, we ask you this spring to shine God's light through your prayers on our boarding home project. Our aim this **spring** is to raise funds to renovate the house on the school property for our boarders and housefather to have a living space next to the school.
